

DON'T RISK OUR FIRIES LIVES!

Don't risk Sutherland Shire's volunteer fire fighters lives for a needless development that will destroy hundreds of trees from pristine bushland inside the Royal National Park!

Support Spring Gully and the safety of our firies over developer greed.

The RFS Bundeena Brigade has warned of

“disastrous consequences should this development go ahead and innocent lives are unnecessarily put at risk”.

The Sutherland Shire District Command states

“it is the opinion of both the local Brigade and District that this development be refused”.

We wrote to candidates in C Ward asking:

Do you support Sutherland Shire Council's resolution that the former Scout land at Spring Gully, Bundeena should be acquired for addition to the Royal National Park?

Candidate Responses:

Group	Candidates	Responded	Support
Liberal	Croucher* , Nicholls, Holt	✘	✘
Labor	Plibersek, Ewer, Spilstead	✓	✓

NOTE: Tom Croucher has consistently supported the conservation of Spring Gully but the Liberal group did not respond to our correspondence on this occasion.
